AR0014

MONTROSE CHEMICAL CORPORATION OF CALIFORNIA

REQUEST FOR APPROPRIATION

CAPITAL INVESTMENT 50% to be charged to Stauffer Date: August 12, 1953
 MAINTENANCE Chem. Co. and 50% to Montrose Chemical
 REPLACEMENT Corp. of Calif. In accordance with REQUEST NO. 992 32.64
 IMPROVEMENT agreement between Mr. John Stauffer
 and Dr. P. Rothberg

REQUESTOR: A. R. Wilcox COST AND SAVINGS DATA BY: A. R. Wilcox
 COMPANY Montrose Chemical Corp. of Calif.

APPROPRIATION FOR:

To install 425 feet of 18" sewer line to connect plant sewers to the new 57" County sewer line. This line includes a drop manhole, wier manhole and end of line manhole.

The items covered by the Request were originally included in AR 966 (primarily item 1) and are being written up separately because of the necessity to split the charges between Stauffer & Montrose.

REASON FOR REQUEST AND BENEFIT TO BE DERIVED BY INVESTMENT

Present sewer system does not satisfy the requirements of the Los Angeles City Bureau of Sanitation or of the Los Angeles County Sanitation District.

ANNUAL MONETARY SAVING TO RESULT FROM THIS APPROPRIATION: Not a savings project.

ESTIMATED COST AND AMOUNT OF APPROPRIATION: \$ 8625.00

SUGGESTED STARTING DATE: Completed June 30, 1953 EST. COMPLETION DATE:

APPROVAL AND AUTHORIZATION	DATE	REMARKS
Plant Supt. <i>A. R. Wilcox</i>		
Production Dept. Mgr. <i>C. A. LINDNER</i>	8/13/53	ORIGINAL SIGNATURE BY
Engineering Dept. Mgr. <i>A. G. Mohr</i>		
Division Manager <i>J. Stauffer</i>	8/9/53	
General Manager <i>R. Rothberg</i>	8/13/53	Original signature R. Rothberg

FORM 128M

* As this AR was originally included in AR 966, the cost - \$8625.00 - should be withdrawn from AR 966.

Appropriation Request No. 172

August 12, 1953

1) TYPE OF PROJECT

Replace present sewer line with line incorporating various special manholes etc. as required by the County and City codes.

2) INADEQUACY OF EXISTING EQUIPMENT

The present sewer line does not satisfy the code and permits will not be issued for its continued use. At present the company has received citations from both the Los Angeles City Bureau of Sanitation and the County Sanitation District requiring these changes.

In addition, the present line extends for approximately 6000 feet with ten manholes, all of which would require considerable continuing maintenance.

3) DESCRIPTION OF PROPOSED WORK

The various requirements will be incorporated into a new 10" line running only to the new 57" County sewer line, a distance of 425 feet instead of rebuilding the old 6000 foot line discharging into the old 48" County sewer near Western Avenue.

4) REQUIRED ADDITIONAL USE OF PLANT FACILITIES

None.

5) ESTIMATED COST

Installation of line, manholes and ties to Quonset hut and office building - See P.O. No. 2688 to Rodding-Cleaning Machines, Inc.	\$8625.00
Repaving of rear roadway and black topped area:	200.00
Less estimated cost of connecting office building and Quonset hut:	200.00
Total	\$8625.00

6) ESTIMATED GROSS ANNUAL SAVINGS

Not a savings project.

7) ADVALUATION OTHER THAN SAVINGS

Project is necessary in order to comply with the applicable codes, and be permitted to continue to use the County sewer.
